**LET'S GET IMMUNIZED NY STATEMENT ON FDA EMERGENCY USE
AUTHORIZATION FOR SECOND COVID-19 VACCINE**

Following today's ruling by the Food and Drug Administration to approve Emergency Use Authorization (EUA) for Moderna's COVID-19 vaccine candidate, Let's Get Immunized NY issued the following statement on behalf of the more than 30 organizations in the campaign:

“The light at the end of the tunnel is getting brighter with more COVID-19 vaccines becoming available to the American people. Now with two vaccinations approved for Emergency Use, more New Yorkers will have the opportunity to protect themselves against the deadly coronavirus. Let's Get Immunized New York strongly urges all New Yorkers who can be immunized to ensure they are up-to-date with all ACIP recommended vaccines, including the COVID-19 vaccine when available..”
