**NYS VACCINE CAMPAIGN APPLAUDS GOVERNOR & LEGISLATIVE LEADERS
FOR PRIORITIZING VACCINE ACCESS & SCIENCE**

Following today's announcement by Governor Hochul and legislative leadership regarding legislation aimed at protecting New Yorkers access to vaccines, Let's Get Immunized NY issued the following statement:

“We are grateful to Governor Kathy Hochul, New York State Senate Majority Leader Andrea Stewart-Cousins, and Assembly Speaker Carl Heastie for endorsing legislation to prioritize access to life saving vaccines for all New Yorkers. We've seen an unprecedented implosion of our longstanding and very effective federal protocol for establishing vaccination schedules and recommendations. A protocol founded in objective science and trusted by clinicians for decades has been intentionally and recklessly upended for political purposes without concern for the jeopardy caused for Americans. Passing these two pieces of legislation will give vaccine providers the power to protect our residents from vaccine preventable diseases without biased and politically motivated interference from federal officials.”
